

Sacred Arts Camp 2022

Sacred Arts Camp Arrivals/Departure Policy

Sacred Arts Camp Holding Group continues to explore ways to keep the management of our camp sustainable for everyone who plays a part in making sure it happens each year.

Site Crew has a demanding schedule before, during and after camp. They work to tight deadlines, often in challenging weather, often beset by the unexpected and unpredictable - burst pipes, non-delivery of key parts, delivery of wrong parts, site not being cleared from the previous event...you get the idea.

To make the start of 2022 camp more spacious, there will be plenty of time for people to arrive and settle into their circles with no fear of missing out because the programme begins at 8.30pm on the **SATURDAY** evening.

There is **NO REASON** to arrive at camp before 12 noon on Friday, but we still need you to have packed up and left by sunset on Saturday 4th June..

The only exceptions to this are:

1. Individuals who are part of a working crew required to arrive early or stay on to manage set up and take down of physical structures and facilities such as Site, Cafe, Gate.
2. Holding Group members or Area Coordinators who need to be set up before Friday 12 noon to manage their responsibilities effectively before the official start of camp.

Anyone who needs to arrive before 12 noon on Friday or leave after Saturday please liaise with the **ADMIN AREA COORDINATOR IN ADVANCE**

Our final Risk Assessment sign off will not be completed until Friday morning, so anyone arriving before that will not be allowed access to the site.

Details of local campsites are available -
